

SYMPOSIUM IN HONOR OF PROFESSOR SAID ELGHOBASHI
September 15, 2022

Statement by:

Jinchao Xu

Professor, Department of Mathematics

Affiliate Professor, College of Information Sciences and Technology

Director of CCMA

Pennsylvania State University

Dear Said:

Congratulations for your great accomplishments in your remarkable career! I enjoyed greatly all the mathematical discussions and also the dinners that we had together over the years. I still remember vividly your visit to Penn State eight years ago and your wonderful colloquium talk “How do dispersed inertial particles modify turbulent flows ?” I learnt a lot from reading your papers and from interacting with you! I am still looking forward to more discussions with you on fast CFD solvers.

Thanks and Cheers!

Jinchao
